

Summer Week 5

6/28 – 7/2

Don't Forget – We are
**CLOSED Monday, July
5th**

Splash Day is this
Friday, July 2nd

Where are we
going?

- ❖ Antarctica

Fun activities we
will be doing:

- ❖ Make frozen foam dough
- ❖ Polar bears songs/dances
- ❖ Make our own snow
- ❖ Arctic slime making
- ❖ Snowstorm in a jar experiment

EPS

The Week Ahead

This week, we are exploring Antarctica. Antarctica is such a big continent and is so diverse that we have decided to spend our whole week there!

Our brand-new family board. We are Ms. Malika's Busy Bees!

This week in Antarctica, we will be learning all about how it is the windiest place on Earth! We will also discover how Emperor Penguins are the only penguins in Antarctica. Next the students will explore Deception Island, Port Lockroy, Drake Passage, and Aurora Australis. We will also have the chance to learn all about the fact that Antarctica contains more than 90% of the world's ice and fresh water, how cool! EPS will also be doing a lot of fun science experiments this week on top of exploring Antarctica, it should be such a fun week!

See the following page for some pictures of the fun things we did this week!

Lammas we made during craft time!

Making the materials for our Easter Island heads!

Our finished Easter Island heads!

Making our very own version of the Angel Falls in Venezuela
