

Summer Week 8

Where did KG Prep go this week?

- Ireland
 - Italy
 - France
 - Belgium
 - Germany
-

REMINDERS:

- ❖ EICK is a nut free campus.
 - ❖ July 30th splash day
 - ❖ August 6th Kona Ice
-

KG Prep Weekly Review

This week in KG Prep we flew to Ireland and learned all about their traditions and special Irish dancing. In Italy we were able to explore the Leaning Tower of Pisa and realized how many foods that we enjoy in the United States have been heavily influenced by Italy's culture and their food. When we got to France, we saw a live feed of the Eiffel Tower and wanted to see what materials we could build with to try and re create it. During our visit to Belgium, we got to try Belgium waffles and learned about their favorite foods such as waffles, fries, and chocolate. Fun fact: Belgium produces up to 600,000 pounds of chocolate per year. We ended our trip in Germany. Where we made Cuckoo Clocks and ate pretzels.
