

Summer Week 4

6/14 – 6/18

What We did?

- ❖ Cleaned up our housing build
- ❖ Made fathers day gifts
- ❖ Learned about agriculture
- ❖ Made our own paper

Fun activities we will be doing:

- ❖ Finishing our first hydro build
- ❖ Starting our food oasis
- ❖ Finishing our paper projects

School Age Weekly Recap

The most important thing we can do is inspire young minds and to advance the kind of science, math, and technology education that will help youngsters take us to the next phase – John Glenn

We learned the process of making paper.

Turning home-made paper into cards

Some were still drying on Friday, more like cardboard

The students had a wonderful time this week. We learned about responsible farming and hydroponics. Ask them about desertification! We started to make our individual hydro tanks and will be finishing them next week.
