

## Summer Week 5

6/28 – 7/2

### What We did?

- ❖ We worked on coping skills
- ❖ Worked drone flying
- ❖ Acid/Base/Neutral/PH

### Fun activities we will be doing:

- ❖ Drones
- ❖ Roller Coaster
- ❖ Prosthetics

**Global STEM Academy**

# School Age Weekly Recap

“Life is a chemical reaction, it only requires balancing!”

— priyavrat gupta

Lets talk coping skills!

- There are three steps...ask if your child can name them!
- It is a great way to process your feelings
- It can be used when you are excited not just sad
- It helps students with not just emotions, but patience

Let's talk PH!

- Measured on a scale
- We concerned ourselves with 3 sections Acid/Neutral/Base
- Everything has a PH
- Mixing things together changes PH
- Plants grow best in a neutral zone

Let's Talk Drones!

- We put up the cage
- We talked safety
- We started flying!!
